

ULRICH (ULI) DOPFER

EVP, Chief Financial Officer

Uli is Executive Vice President & Chief Financial Officer (CFO) at Mavenir, responsible for global financial strategy, capital management, and operational transformation. With extensive experience leading finance teams for publicly traded companies, Uli has delivered impactful results in financial planning and analysis, investor relations, and post-merger integration. He has managed large, multi-national finance organizations, spearheaded cost optimization and restructuring programs, and driven successful mergers and acquisitions, including the integration of Adtran and ADVA.

Uli's expertise spans capital markets, banking, regulatory compliance (IFRS, US GAAP), and risk management. He is recognized for building long-term relationships with strategic partners and stakeholders, enhancing investor coverage, and delivering value creation through operational efficiency and financial discipline. Prior to joining Mavenir, Uli served as CFO and SVP of Finance at Adtran Holdings, Inc., and Adva Optical Networking SE, where he led finance, treasury, legal, investor relations, and corporate development functions.

Uli holds a degree in Business Administration from Verwaltungs- und Wirtschaftsakademie Munich, Germany.
